1/1

Q1. Your marketing department needs an easy way for users to share items more appropriately. They want to easily link-share Drive files within the marketing department, without sharing them with your entire company. What should you do to full fill this request? (Choose two.) A. Create a shared drive that's shared internally organization-wide. B. Update Drive sharing for the marketing department to restrict to internal. **C. Create a shared drive for internal marketing use.** D. Update the link sharing default to the marketing team when creating a document. **E. In the admin panel Drive settings, create a target audience that has all of marketing as members.**

A选项显然是超范围共享[]B只是Internal,但没有限定在市场部内,C是对的,D的话显然太费事,E是符合要求的.

Q2. Your organization recently implemented context-aware access policies for Google Drive to allow users to access Drive only from corporate managed desktops. Unfortunately, some users can still access Drive from non-corporate managed machines. What preliminary checks should you perform to find out why the Context-Aware Access policy is not working as intended? (Choose two.) **A. Confirm that the user has a Google Workspace Enterprise Plus license. B. Delete and recreate a new Context-Aware Access device policy. C. Check whether device policy application is installed on users' devices. D. Confirm that the user has at least a Google Workspace Business license. E. Check whether Endpoint Verification is installed on users' desktops. ****
